A Message from Mayor Jerry P. Weiers

This year will mark the 20th Anniversary of the Glendale

Chocolate Affaire in historic Downtown Glendale. Located in Murphy Park (58th & Glendale Avenues), this remarkable event brings in nearly 40 chocolate purveyors that offer many varieties of chocolate and chocolate-covered treats.

Although chocolate is the main source of enjoyment at this festival, there will also be many other fun activities for young and old including arts and crafts.

The Glendale Chocolate Affaire is sponsored by the Official City Chocolatier of Glendale, Cerreta Candy Company. As part of the festival, Cerreta's will offer tours at their store located at 54th and Glendale Avenues.

This year, a new attraction will be called Super Street. This area will have live music, games, and activities with many football-themed chocolate creations and decorations for each of the two teams

that will be playing in the Super Bowl. Parking and admission to the Chocolate Affaire are both free! Event hours are Friday, January 30 from noon - 10 p.m. and Saturday, January 31 from 10 a.m. - 10 p.m. More information about the Chocolate Affaire can be found at www.glendaleaz.com/events.

After you have had your fill of chocolate, you can also check out DirecTV's Super Fan Festival (95th and Bethany Home) in the shadows of the University of Phoenix Stadium.

This year the city of Glendale Water Services Department celebrates 100 years of providing safe, reliable, high quality water and wastewater services to the community. On Feb. 25, 1915, the town of Glendale purchased the Water Works Company with 160 customers from Floyd Holmes Sine for \$12,000, creating the Municipal Water Works Department. The Glendale Water Services Department currently provides water and wastewater services to more than 230,000 people. Glendale uses state-of-the-art technology and a highly trained workforce to operate and maintain three surface water treatment plants, nine active wells, two water reclamation facilities, more than 1,000 miles of water mains, and over 680 miles of sewer mains.
